## About Fence Lines, Inc.

Fence Lines, Inc. is a continuation of the former company, Barry Ward, Inc. The company was purchased by longtime employee and General Manager Dave O'Neil. Barry Ward, Inc. had successfully fulfilled the needs of the New England fencing market for over 35 years. Barry Ward himself decided it was time to retire and enjoy the benefits of his work, and at that time Dave had been with the company almost 15 years and purchased the company and re-branded it to be Fence Lines to be able to keep the legacy alive with the same high quality customer service, products, and experience that the team had always been known for. We are a "Wholesale to the Trade" fabrication and supply house. We fabricate on site which allows us to better accommodate the fencing contractors' needs in the ever-changing conditions of the trade. Feel free to contact us for help in finding a seller location and/or installation company of our products to suit your needs. If you are reading this, we hope that you are either a prior, current, or future user of our products. And we THANK YOU!
